This 40

knot speedster delivers much more than its sensual beauty initially suggests.

Available as both an opening hard top or hard top, the cockpit and observation seating gives both pilot and guests a perfect vantage point to enjoy the exhilarating ride.

But the Predator 60's performance isn't the only thing that will set your heart racing. The sophisticated design and craftsmanship that flows throughout this stylish motoryacht is what you come to expect from Sunseeker.

On the outside, the large main deck provides space for dining and entertaining, while the hand finished sunpads positioned fore and aft, offer a place to relax and unwind with friends and family.

The lower deck reveals a plush saloon where high style is complemented by cutting-edge technology. The master suite is sleek and modern and the three guest cabins ooze sophistication.
